

# Doreen McCarthy Nursing Research Grant 2023

APPLICATIONS NOW OPEN

The Doreen McCarthy Nursing Research Grant is a collaborative initiative between RPH Research Foundation and the Royal Perth Hospital Nursing Research Foundation

It was created in honour of **Professor Doreen McCarthy**, former Director of Nursing at Royal Perth Hospital, who was a champion for nursing research and instigated many initiatives aimed at promoting nurses as researchers and research into nursing practice. Doreen went on to be the founding Dean of Nursing at The University of Notre Dame Australia's School of Nursing & Midwifery in Fremantle.

This grant is a seed-funding scheme, providing preliminary funding for innovative research projects aligned with RPH Research Foundation's objective to enable Early Career Researchers to establish a research track record.

» The total available funding for 2023 is \$20,000
